Education

California Polytechnic State University
Computer Engineering BS
GPA: 3.5 | Dean's List Spring 2026

San Luis Obispo, CA
Spring 2029

Experience

Girls Who Code Self-Paced Program (Remote)

Jun 2024 - Aug 2024

- Completed the Data Science + AI track and created small projects using real world data sets
- Learned how to read and interpret data sets using CSV files
- Managed time effectively to complete the course within the allotted 7 week period

Schoolhouse Tutor (Remote)

Sep 2024 - Oct 2024

- Hosted an SAT Math Bootcamp for high schoolers around the world
- Managed time effectively to provide thorough and customized presentations to fit students' needs

Inspirit AI (Remote)

Feb 2024 - Mar 2024

- Collaborated with a small group to train an AI model to detect pneumonia using X-ray scans of a patient's chest
 - Learned about different types of AI models (linear regression, CNNs, etc.)
-

Skills / Interests

- **Skills:** Python, Java, Javascript, SystemVerilog, RISC-V Assembly Language, Tutoring, Web Design, Machine Learning/AI
- **Activities:** Chinese Student's Association, Hack4Impact, Society of Women Engineers, Systems Optimization Club
- **Interests:** Swimming, Drawing, Data Science
